September 2009 | VOL. 34, NO. 9

**UROGYN FEATURE**  
**The Present and Future Treatment of Overactive Bladder Syndrome**  
Manhan Vu, DO; Peter K. Sand, MD  
Pharmacotherapies, behavioral therapies, electrical stimulation/neuromodulation, and instillations/injectables are reviewed as therapeutic options currently in use and on the horizon for treatment of this syndrome that affects more than 11 million women in the United States.

**Rheumatoid Arthritis in Women: Current Approach and Overview of Recent Guidelines**  
Jean H. Tavar, MD; Maria Suarez-Almazor, MD, PhD  
This article reviews the diagnosis, management, and gender-specific issues of rheumatoid arthritis, as well as new guidelines from the American College of Rheumatology.

**DEPARTMENTS**  
**EDITORIAL**  
**Reflections Versus Reaction**  
Anita L. Nelson, MD  
**GYNCOLOGIC ONCOLOGY**  
**A Novel Approach for the Risk Assessment of a Pelvic Mass for Ovarian Cancer**  
Richard G. Moore, MD; Shannon MacLaughlan, MD  
**LEGALEASE**  
**Medical Liability Insurance Rates: How Are They Determined?**  
Ronald T. Burkman, MD; Jennifer L. Fennell, Esq
